Work Program

(Continued From Page 11A)

calendar to be placed in motels, cafes, and other places where tourists stop.

WOMEN'S DIVISION —Work on projects that may arise; develop a program to honor women who contribute much to the community. Encourage city beautification, seek new trash containers for the business area and make a study of why so many trees are being removed within the city. Develop a program of goodwill by visiting industrial businesses in the community, and appoint representatives from the Women's Division to other Chamber of Commerce Divisions to work in conjunction with their program of work.

Here's What

Inflation Means

Reprinted from the Chamber Gram:

Half of all Americans were born before late 1942. Since then the value of the dollar has shrunk 58 cents.

This has only taken 28 years, and if this rate continues, the 1942 dollar will be worth only 18 cents in another 28 years.

If this inflation continues and the dollar shrinks at the same rate for the next 28 years, what is in store for the average worker?

\$7200 in wages would have to be \$16,800; \$3000 cars would cost \$7000; \$25,000 homes would be \$58,000; \$4000 college tuition \$9400; \$275 television sets almost \$640; \$125 suits of clothes \$290; and \$25 pair of shoes \$58.

ELMO CUNNINGHAM served briefly as the first executive secretary of the Provo Chamber of Commerce in 1921. No photo of him could be located in time for this edition. The other six men who have served as executive secretary or manager are pictured

above. Left to right: Top — Edwin S. Hinkley, 1922-29; D. Orlo Allen, for a brief term; and Clayton Jenkins, for about 25 years. Bottom — Robert Halladay, who served four years; C. E. (Chuck) Peterson, one year; and William K. Wotherspoon, manager since 1960.

No provision has ever been made for notifying U.S. presidents of their election.

FRANK LABUE

We take pride in our membership in the
GREATER PROVO CHAMBER OF COMMERCE
and congratulate them on their 50 years of
service.
